Your efforts now are very constructive and you are not inclined to want to leave any loose ends untied. You are likely to derive much satisfaction from taking care of practical concerns in your life. You'll be looking for concrete results, even in the conceptual activities such as study and creativity. Try not to be too starry-eyed about romance or you could be setting yourself up for disappointment. Favorable Dates : Nov 1, 2, 10, 11, 19, 21 Favorable Colors : Red & Blue

The wish for freedom, adventure and new experiences could begin to show up in November. You want to play your cards very well so that you have the control of your relationship. However, the need to show your feelings tends to break through the shield behind which you're trying to hide your emotions. The demands of your larger goals in life may have been eclipsing your pleasure-seeking activities. Favorable Dates : Nov 2, 9, 11, 18, 20, 27 Favorable Colors : Red & Yellow

Gemini (21 May – 20 June) - A spirit of altruism and generosity, making connections with others from a different background, widening your mind through unusual or different experiences, expanded faith and a feeling that anything is possible if you set your sights high enough are all themes this month. Financially, you'll have the opportunity to re-equilibrate your budget, but that means not wasting money. Love sort of combines with friendship. A friend might play the role of the mediator in a sentimental relationship or a friendship might turn into a love affair. Favorable Dates : Nov 3, 5, 12, 14, 21, 23 Favorable Colors : Red & White

Cancer (21 June – 22 July) - Career ups and downs are likely this month. Work is more creative than usual. Finances are stable and steady and you are finding it natural to spend wisely and to invest more in your home and nest. You are bound to experience your fair share of fun, romance and good times. Creative projects are likely to fare well and could possibly even bring some type of recognition or reward. You are restless with routines and tend to answer to your own internal rhythm rather than paying attention to society's rhythms. Favorable Dates : Nov 3, 8, 12, 17, 21, 26 Favorable Colors : Blue & White

Leo (23 July – 22 August) - You may find great joy and reward in your creative projects and hobbies and could discover a new hobby or talent you never knew you had. Pleasure-seeking activities, recreation and amusement are increased. You are far less inhibited when it comes to expressing yourself creatively and you are a lot more fun to be around. horoscopes

Libra (23 September – 22 October) - You are feeling quite free from responsibilities making it easier for you to let your hair down and have a good time. In general, your faith in romantic relationships increases this month. Some of you are becoming more expressive when it comes to romantic notions, love and also children. Some of you may find romance on the job. Balanced attention to your public and personal lives is what you need to focus on. You may also take an interest in alternative health methods. You would benefit greatly from yoga or other mind-body therapies now. Favorable Dates : Nov 1, 3, 10, 12, 19, 21 Favorable Colors : Yellow & Blue

Scorpio (23 October – 21 November) – You'll care a great deal about intellectual and spiritual matching and your greatest happiness would be to travel or to discover the world along with the person you love. You'll be highly sensitive sentimentally speaking. You'll daydream about the ideal relationship, but you'll remain in the world of dreams, or your relationship will undergo some constraints or you'll have a disappointment. If you work in the right domain, it's just perfect. If not, you might apply these notions to your environment and relationships to your colleagues. Favorable Dates : Nov 5, 7, 14, 16, 23, 25 Favorable Colors : Yellow & Red

Sagittarius (22 November -21 December) - You are markedly introspective at this time, perhaps isolating yourself from worldly activities and acquaintances in some manner. Work that is limiting or lifeless really drags you down and you tend to approach tasks with erratic or haphazard energy. Those with artistic or athletic talent can be especially prolific and prosperous at this time. It would be wise to find work that offers you not only variety and stimulation, but also the chance to invent. Health issues, generally of a psychosomatic nature, may come to the fore. Favorable Dates : Nov 1, 7, 10, 16, 19, 25 Favorable Colors : Blue & Green

Capricorn (22 December – 19 January) - Progressive, part-time, or unconventional tasks hold the most appeal to you. Investments in stocks and other speculative matters could earn nice profits, although care should be exercised with any dealings that tie you to other people and others' money. The availability for affairs, flirts and love will be quite high. Drama in romance can be lovely, but too much of it will only leave you yearning and perhaps even heartbroken. The challenge is to find a healthy balance—to improve home life while at the same time tending to one's career needs. Favorable Dates : Nov 5, 9, 14, 18, 23, 27 Favorable Colors : Blue & Yellow

Aquarius (20 January – 18 February) – There would be a tendency to be a little on the gullible side. You could be believing what you want to believe rather than what is. In November, family responsibilities, changing attitudes toward domestic life and family and possibly issues with control and dependency will surface. For singles, meeting a special person is highly likely, although it is unlikely to lead to a long-term relationship or coupling. And if you have an older relationship, it's now time to try something new or to go for an unusual adventure together. Favorable Dates : Nov 2, 3, 11, 12, 20, 21 Favorable Colors : Blue & White

Pisces (19 February – 20 March) - You may have many vague fears and anxieties that act to undermine your confidence during the course of this period. Contemplation of the meaning of your existence, your accomplishments, and your "failures" may figure. Work that is limiting or lifeless will really drag you down, and you will tend to approach tasks with erratic or haphazard energy. Health issues, generally of a psychosomatic nature, may come to the fore. It's time you adopted another vision on love: more independent, more open-minded, more play and experiment-oriented. .Favorable Dates : Nov 2, 9, 11, 18, 20, 27 Favorable Colors : Yellow & Green
